

BOROUGH TO SAVE MONEY BY NEW AGREEMENT

**West Penn Company
Agrees to Reduce
Rate on Lights**

LOWER NUMBER OF ARCS

**Additional Tungstens Substi-
tuted for Lights Former-
ly Decided**

After a somewhat prolonged discussion of the light question a tacit agreement was reached Wednesday night by council and the West Penn Electric Company, on the matter of a reduced price of lights in Charleroi, with the understanding that the electric company will get the lighting contract. By a fight carried on by council the borough will secure a reduction of about \$447 over the price upon which the West Penn Electric company wanted an agreement drawn, and will be a saving over previous years of about \$757 per year.

By the new agreement, which was accepted by representatives of the West Penn Electric company the borough will secure 45 arc lights and 65 Tungstens. By the previous agreement the borough was to get 33 1-2 arcs and 48 Tungstens. The price for the arcs will be \$70 per arc the same as before but there will be a reduction of \$4 each per year in the price of the Tungstens. This with the diminished number of arcs will bring about the reduction in price. Everyone is not satisfied yet with the agreement but it will probably stand. It is claimed that in other towns along the valley the rates are cheaper. A representative of the Welsbach Gas lighting company of Pittsburgh was present at the meeting of council and took a part in the discussion of the lighting matter.

STORE IS ROBBED AT BENTLEYVILLE

Robbers smashed the large plate glass window in the Haberlin & Myers hardware store at Bentleyville early Thanksgiving morning and made way with two shotguns valued at about \$10 each that were on display in the window. The proprietors of the store were on the ground within a few minutes after the crash was heard and the thieves were frightened away before anything else was taken outside of the guns.

Bloodhounds were secured from Charleroi in the morning and placed on the trail which was followed to a house in the Frye addition. There the dogs stopped and nothing further was done. No arrests have been made. The window which was broken was valued at \$50 while the two guns taken would not total half that amount.

A big shipment, totaling 1,500 tons of wire, fence, nails and staples was made from the docks of the Pittsburgh steel company at Monessen on Tuesday of this week. The steel products were consigned to lower river points and were all loaded in one barge of the River Coal combine's fleet. Nearly 40 carloads, of 80,000 pounds capacity each, of wire, fence, nails and staples are in the cargo. The shipment is regarded as a particularly important one, and is valued in the neighborhood of \$150,000.

PROTEST SHOWING OF FILM

**Binford Moving Pictures
Objected to by the
Local Ministers**

ASSOCIATIONS HARMFUL

Protests to Bulah Binford films to have been shown at a local theatre tonight were made by the Ministerial Association of Charleroi and Burgess George W. Risbeck has sustained them in refusing to allow the pictures to be shown. This morning the ministers witnessed the Binford films at the Star but after they had seen them they took action to stand by their former protests. Manager Tom B. Cowan of the Star Theatre although of the opinion that in themselves the films were of no harm, good naturedly and willingly acquiesced in the request of the ministers.

Moving pictures of the life story of Beulah Binford, the beautiful but wayward girl whose influence over Henry Clay Beattie, Jr., is said to have had a bearing in the murder of the latter's wife, were posed for by her and these were the ones to which the objections were made. This decision of the ministers was reported to Manager Cowan by the president of the Ministerial Association by Rev. J. T. Hackett. He explained that it was not the pictures but the associations which contained a suggestiveness not calculated to have the best moral effect upon the community. That occasioned the protest.

Thursday Manager Cowan showed the pictures at Monessen and had an exceptional run. There were no objections entered there. A number of other towns have objected to the pictures being shown, among them being Uniontown, the Fayette County seat. They have been passed by the National board of censorship.

THANKSGIVING TEA PARTY IS SUCCESS

**Many People Attend Social Affair Given by St.
Jerome's Congregation Wednesday Even-
ing at Turner Hall**

Assuming its recognized place at the head of all other church social events of the year, the annual tea party was held by St. Jerome's congregation Wednesday night at Turner Hall. As a church benefit and as a social affair it was a decided success as those who were present to enjoy all the festivities can attest.

Not only Charleroi contributed to the success of the affair. People from various towns in this vicinity were in attendance and added to the gaiety of the occasion.

The chief feature of the whole event was the supper, which was served to the many visitors during the early evening. Seasonable delicacies prepared in a manner to please all tastes were set before the numbers seated at the tables and speedily disappeared before the hungry attack.

After the supper there was dancing. Tripping the light fantastic the hours were happily whiled away until midnight. Various booths were attractive places. An orange tree provided an especially inviting place. There a prize contest was merrily conducted. Plucking oranges from this tree and learning what fate had in store for them, was a diverting pastime. Like the orange tree the booths received their full share of attention.

Rev. B. N. Axmacher, assistant pastor of St. Jerome's church was the head of the general committee which looked after the success of the affair. A snug sum was realized for the church fund, the amount to be announced later.

The movement to secure waste baskets was started by Prof. J. G. Pentz, superintendent of schools, who appeared before council recently.

President J. K. Henin was in the chair and other members of council present were; Dr. A. O. Davis, W. R. Gaut, C. O. Frye, Oscar C. Linn, and W. H. Calvert. Frank Riva, who will take his seat in council when the new body organizes, was also present. Borough Clerk Ira L. Nickeson was

THANKSGIVING DAY OF REST IN CHARLEROI

**Local People Enjoy Holiday
in Various Ways--Football
Game Attracts Many**

Thanksgiving was generally observed in Charleroi and the surrounding community yesterday. Business and industry was generally suspended, and the town was quiet and the streets deserted all day. Many took advantage to visit out of town, and travel was brisk in the forenoon on both the railroad and trolley lines. Matinees were held by the local theatres, while many football devotees journeyed to Pittsburgh to witness the big football game between the University of Pittsburgh and State College. In the evening with the return of the out of town visitors the streets presented a more animated appearance, and with the stores all closed the theatres were the centers of attraction.

Much interest was manifested in the football game in Pittsburgh between the Pitt and State college teams, from the fact that local boys are on both teams. "Tilly" Dewar, who played on the Charleroi baseball team when the latter was in the P. O. M. league played on the Pitt team, while Elgie Tobin of Roscoe and Levi Lamb of California, were on State as substitutes. Lamb was put in at the last and played about two minutes when he game was won by State by a score of 3-0.

The price per ton was not made public. The order is in addition to 5,000 tons received from the same country by the Carnegie Company a few months ago.

Stewart also gave the committee 12 hats which were distributed to worthy persons. Mr. Gelder states that a number of imposters have appeared from time to time soliciting alms, and warns the people to beware of them. It is the purpose of the committee to investigate every case and bestow charity only where it is merited.

THREE ADDRESSES MADE

**Reasons Are Given Why the
State and Nation Should
be Especially Thankful**

Union Thanksgiving services were held Thursday evening at the Christian Lutheran church and an offering was received to assist in carrying on relief work among the poor. With probably the largest congregation present that has ever attended a union Thanksgiving service in Charleroi, the affair proved a fitting climax to a particularly enjoyable holiday.

Instead of the regular sermon which this year by a schedule arranged by the Ministerial Association would have been preached by the pastor of the Christian church, three sermons were given. Rev. F. A. Richards, pastor of the Methodist Episcopal church preached the introductory one, his subject being "It is Good to be Thankful." He outlined the reasons why the public of the immediate vicinity should feel grateful. Rev. J. T. Hackett, pastor of the First Presbyterian church was the second speaker, his subject being "Personal Thanksgiving." Rev. Hackett dwelt upon the necessity of each person performing his own devotions instead of allowing the minister to do it.

Rev. John R. Burson, pastor of the First Presbyterian church was the last speaker. Rev. Burson's subject was "National Thanksgiving." In the short time he had he enlarged to a considerable extent on his topic, speaking of the great movements for peace that is embracing many nations, the work the United States is doing for other countries, the noble and patriotic feeling of our leading statesmen and the American people everywhere for right and justice and finding in everything reason to be thankful.

A choir from several churches under the direction of Prof. I. T. Daniel rendered special music. Rev. C. E. Frontz, pastor of Christ Lutheran church had charge of the program and read President Taft's proclamation. Rev. J. E. Charles, pastor of the French Presbyterian church read Gov. J. K. Tener's proclamation and read the scripture lesson. Rev. L. V. Jones, of the St. James' A. M. E. church, said the prayer.

JUDGE GRAY'S WAY.

Amid the trust baiting and the hue
and cry against trusts Judge El-
bridge H. Gary, the executive head
of the United States Steel corpora-
tion, comes to the front with some
sensible suggestions regarding the
control and regulation of big corpora-
tions. Judge Gary recognizes the
harm that the bitter attacks on trusts
by political demagogues are doing to
the industrial developments of the
country, and he therefore makes the
following propositions:

1. That every corporation be com-
pelled to take out a Federal license,
which license should require publicity,
no overcapitalization, no discrimi-

nation, and no conduct contrary to law.
2. That to enforce these conditions
there be created by law a Bureau of
Corporations empowered to pass up-
on all disputes arising under these
regulations, its verdict being subject
to appeal to the higher courts.

Mr. Gary, who was once a judge,
recognizes the vital importance of
combinations of capital which are es-
sential to the industrial prosperity of
the country. Without these com-
binations, industry will lag, as indi-
vidual exploitation cannot accomplish
material things on the scale now nec-
essary in the march of material pro-
gress. All that is necessary is to
make the trusts play fair with the
public. That done, the whole trust
problem is solved. The demagogues
and their dupes who would abolish
trusts entirely would Samson-like,
pull down the pillars of our industrial
superstructure and be crushed in the
fall.

NOW FOR CHRISTMAS

With Thanksgiving passed, public
attention is now focused on Christ-
mas, which is less than a month dis-
tant. In line with the movement to
"shop early," many merchants and
shop keepers are advertising and dis-
playing their holiday wares a couple
of weeks in advance of the accus-
tomed time. These cannot fail to profit
by this move, as a general effort to
induce people to shop early in order
to minimize the discomforts of
humanity due to the mad rush in
Christmas buying is being assiduously
made by the newspapers, the mag-
azines and in the church, women's
and uplift societies.

It is well also to think of a safe
and sane Christmas as well as a
hilarious one. The Christmas spirit
can be manifested most joyously with-
out the follies and extravagances that
characterizes the holiday in so many
instances. One can do good and make
others happy without an undue ex-
penditure for fancied obligations,
which in most instances are but a
mockery of the real spirit of Christ-
mas. The costly trinket given and re-
ceived to preserve the form of re-
membrance carries no significance un-
less it bestows real happiness. In
most instances the gift of one Christ-
mas is laid away to be given to some
one else another year, and the whole
proceeding is but a sham. By elim-
inating the subterfuges and the
mockery of the season and substitut-
ing the genuine good will, the real
spirit of Christmas will be carried out.

many Charleroi people, and whose
daily column is read by hundreds
more in this community who never
met the genial writer personally, has
returned from a Minnesota hospital,
where he has been some weeks for
treatment. During his absence the
Quiet Observer column was missing,
but now it will continue as of yore.
The "Return of Old Ras," is charac-
terized thusly by an editorial in the
Thanksgiving issue of the Gazette
Times.

"This is purely a family matter,

tially a family occasion, no pardon need

brightened up around The Gazette
Times office yesterday, and 'the boys

ful as if there were six pay-days a

name is 'The Quiet Observer.'"

mutations and uncounted days. Ras
has been up to a hospital in Minne-
sota the past six weeks, while the
surgeons there repaired his interna'
economy, and then sewed him up and
made him over, just as good as new.
They didn't remove his smile, how-
ever, nor in the slightest degree im-
pair his confidence in the healing
potentialities of good nature, kind-
liness, patience and the homely if
somewhat timeworn virtue upon
which "The Quiet Observer" has
been wont to descant for the edi-
fication of Gazette Times readers.

"And how is he?" will be asked.
Well, if he is as fit as he looks then
there need be no apprehensions. He
is much the same as he has always
been. Evidently, though, his ex-
perience has not been a merry jest.
The operating table never is, and the
post-operative ordeal is sometimes
worse than that. In the case of 'Ras'
as you look him in the eye now, there
is an unbidden suggestion that, at
one stage or another, in these weeks
that he has been missing, there might
have come a wind whisper of the
spirit of death, just a little closer to
his listening ear than at any time
since when, as a boy, he served under
the Stars and Stripes, half a century
ago. If such things as this have in-
deed been companion to his suffering
during his hospital sojourn, they will
but enrich his future writing and lend
fresh dignity and new refinement to
that department of his which has
given so great a pleasure to his
clientele. For the present it is com-
forting to have him around and to
know that he is eager to get into
harness at the old reliable gait."

She Had Consumption Was Dying; Now Well

Eckman's Alternative is being used with success in the treatment of Tuberculosis. Persons who have taken it improved, gained weight, exhausted night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. You can investigate and judge for yourself. Read of Mrs. Corbett's recovery: "Griffin, Ind.—'Gentlemen: Thinking that perhaps a short history of the remarkable cure of my mother-in-law (Mrs. Anna Corbett) might benefit some other sufferers, I hereby give the following testimonial: About September 10, 1908, she was taken sick with Catarrhal Pneumonia, and continually grew worse, requiring trained nurse. Night sweats were so bad that it was necessary to change her clothing once or twice every night; her cough increased and got so bad that everybody expected that she would not live much longer. The trained nurse (Miss Anna Trinen) informed me that she had Tuberculosis and nothing could be done for her. In January, when Rev. Wm. Berg, of St. Michael's Church, at Shreveville, Ind., prepared for her death, he recommended that I get some Eckman's Alternative, and see if it would not give her some relief. I then requested the attending physician to give his diagnosis and he informed me that she had Consumption and was beyond all medical aid. When I asked if he thought that it was useless to try the Alternative, he replied that 'No physician could help her any and I could suit myself about it.' So I immediately had Rev. Wm. Berg to send for a bottle. Practically without hope for recovery, I insisted that she try the Alternative, which she did. At the end of the first week's treatment, she got so bad that she refused to take any more of it, but the doctor advised her to keep on taking it, as it was the only thing that might help her. I am glad to say now that she kept on and soon began to improve. Now, she works as hard as ever, weighs twenty pounds heavier than she ever did before she took 'ick, and is in good health. She frankly says she owes her life and health to Eckman's Alternative. We keep it on hand at all times and recommend it."

CHARLEROI IS TWICE BEATEN BY UNIONTOWN

Fortune Favors Father Sears' Men and They Capture Both Contests

STARS ON BOTH SIDES

Father, Andy Sears and his team of passers appeared for the second time on the local floor Wednesday night and gave Charleroi a more severe drubbing than on the occasion of the first visit. The result of all the hubbub at the rink was favorable to Uniontown as 45 points is compared to 30.

During the first two minutes of play Charleroi looked like a winner but then you can't judge any self-respecting game of basketball by that short a period, as was amply and undeniably impressed upon local fans by the Uniontown tossers. Adams got during that short time a couple of foul goals and the whole team was playing well. Then Uniontown began to come up. The score at the end of the first half was 19 to 14. In the second half Father Andy and Bill Powell, who somebody said wasn't anywhere's near as good as Big Smith, were the stellar constellations. Father Andy and Tall Bill threw field goals like all possessed. For instance Tall Bill would chase down the floor towards Charleroi's goal, turn around throw the ball in the direction of the Uniontown goal and somehow or other it would inevitably turn, up at the right spot and drop through the netting. It was awful.

Jacky Adams and Jimsey Brown featured the performance from the Charleroi side of the fence. Adams tossed four pretty goals and Jimsey Brown got two terribly difficult ones. The lineup:

After being beaten at home on Wednesday night by Uniontown, the Charleroi five of passers went to Uniontown and lost another Thursday night. Playing was rather listless on both sides but at no stage of the game did Charleroi possess a reasonable chance of passing the

Seek to Keep Finds of Interest.

The French department of fine art is taking measures to prevent prehistoric or archaeological finds from leaving the country. The matter came up recently on the subject of the remarkable cave drawings which are found at Eyzies, in the Dordogne region, as well as prehistoric implements. Foreign archaeologists were installing themselves here and taking out a great many finds. A bill is now presented to parliament tending to protect archaeological discoveries. Among other measures, a special museum is to be founded at Eyzies, and this will become a center of archaeological and ethnographic study. The new regulations will cover the questions of ancient objects belonging to churches, also the matters of libraries and of manuscripts.

His Narrow Escape.

After 18 years' work as a medical missionary in Labrador, Dr. Wilfred Grenfell has been spending a short holiday at Parkgate, Cheshire. He has had several adventures. The most exciting was when an iceberg broke adrift and carried him out to sea with a few dogs. No help was at hand, and the only chance of rescue was from a passing steamer. Fortunately he had a little food, but this was too precious to give to the dogs, and it was necessary to kill one so that the others would not starve. The cold became so intense that two other dogs had to be killed and their skins used for warmth. The berg then drifted into a shipping route, and Dr. Grenfell was rescued in the nick of time by a steamer.

PUNY LITTLE BOY

"Now Picture of Health," His Father Says.

The pale, wistful faces and thin spindling limbs of "delicate children" tell plainly enough the story of poorly nourished bodies.

We know just what ought to be done for such children. Here is a letter from Richard Rush, Columbus, Ind., saying, "I believe I am indebted to Vinol for the health of my little son. He had a severe attack of whooping cough and measles which affected his lungs and constitution. "We tried several other remedies without any results, then commenced using Vinol and I take pleasure in saying that he is the picture of health now, due to the use of Vinol."

Sickly children need the strengthening cod liver elements and the tonic iron that Vinol contains—that is why Vinol builds them up quickly and gives them a fine healthy color. It is pleasant to take and we guarantee that the results will satisfy you—money back if they do not. Piper Brothers, Druggists, Charleroi, Pa.

BOROUGH TO SAVE MONEY BY NEW AGREEMENT

**West Penn Company
Agrees to Reduce
Rate on Lights**

LOWER NUMBER OF ARCS

**Additional Tungstens Substi-
tuted for Lights Former-
ly Decided**

After a somewhat prolonged discussion of the light question a tacit agreement was reached Wednesday night by council and the West Penn Electric Company, on the matter of a reduced price of lights in Charleroi, with the understanding that the electric company will get the lighting contract. By a fight carried on by council the borough will secure a reduction of about \$447 over the price upon which the West Penn Electric company wanted an agreement drawn, and will be a saving over previous years of about \$757 per year.

By the new agreement, which was accepted by representatives of the West Penn Electric company the borough will secure 45 arc lights and 65 Tungstens. By the previous agreement the borough was to get 53 1-2 arcs and 48 Tungstens. The price for the arcs will be \$70 per arc the same as before but there will be a reduction of \$4 each per year in the price of the Tungstens. This with the diminished number of arcs will bring about the reduction in price. Everyone is not satisfied yet with the agreement but it will probably stand. It is claimed that in other towns along the valley the rates are cheaper. A representative of the Welsbach Gas lighting company of Pittsburgh was present at the meeting of council and took a part in the discussion of the lighting matter.

STORE IS ROBBED AT BENTLEYVILLE

Robbers smashed the large plate glass window in the Haberlin & Myers hardware store at Bentleyville early Thanksgiving morning and made way with two shotguns valued at about \$10 each that were on display in the window. The proprietors of the store were on the ground within a few minutes after the crash was heard and the thieves were frightened away before anything else was taken outside of the guns.

Bloodhounds were secured from Charleroi in the morning and placed on the trail which was followed to a house in the Frye addition. There the dogs stopped and nothing further was done. No arrests have been made. The window which was broken was valued at \$50 while the two guns taken would not total half that amount.

A big shipment, totaling 1,500 tons of wire, fence, nails and staples was made from the docks of the Pittsburg Steel company at Monessen on Tuesday of this week. The steel products were consigned to lower river points and were all loaded in one barge of the River Coal combine's fleet. Nearly 40 carloads, of 80,000 pounds capacity each, of wire, fence, nails and staples are in the cargo. The shipment is regarded as a particularly important one, and is valued in the neighborhood of \$150,000.

PROTEST SHOWING OF FILM

**Binford Moving Pictures
Objected to by the
Local Ministers**

ASSOCIATIONS HARMFUL

Protests to Bulah Binford films to have been shown at a local theatre tonight were made by the Ministerial Association of Charleroi and Burgess George W. Risbeck has sustained them in refusing to allow the pictures to be shown. This morning the ministers witnessed the Binford films at the Star but after they had seen them they took action to stand by their former protests. Manager Tom B. Cowan of the Star Theatre although of the opinion that in themselves the films were of no harm, good naturedly and willingly acquiesced in the request of the ministers.

Moving pictures of the life story of Beniah Binford, the beautiful but wayward girl whose influence over Henry Clay Beattie, Jr., is said to have had a bearing in the murder of the latter's wife, were posed for by her and these were the ones to which the objections were made. This decision of the ministers was reported to Manager Cowan by the president of the Ministerial Association by Rev J. T. Hackett. He explained that it was not the pictures but the associations which contained a suggestiveness not calculated to have the best moral effect upon the community, that occasioned the protest.

Thursday Manager Cowan showed the pictures at Monessen and had an exceptional run. There were no objections entered there. A number of other towns have objected to the pictures being shown, among them being Uniontown, the Fayette County seat. They have been passed by the National board of censorship.

THANKSGIVING TEA PARTY IS SUCCESS

**Many People Attend Social Affair Given by St.
Jerome's Congregation Wednesday Even-
ing at Turner Hall**

Assuming its recognized place at the head of all other church social events of the year, the annual tea party was held by St Jerome's congregation Wednesday night at Turner Hall. As a church benefit and as a social affair it was a decided success as those who were present to enjoy all the festivities can attest.

Not only Charleroi contributed to the success of the affair. People from various towns in this vicinity were in attendance and added to the gaiety of the occasion.

The chief feature of the whole event was the supper, which was served to the many visitors during the early evening. Seasonable delicacies prepared in a manner to please all tastes were set before the numbers seated at the tables and speedily disappeared before the hungry attack.

WASTE BASKETS FOR STREET CORNERS TO ARRIVE NEXT WEEK

**Crusade for Clean Streets Has Effect--Council
Takes Up Important Matters at
Adjourned Meeting**

At the adjourned meeting of council on Wednesday evening, Chairman Oscar Linn of the street committee, which had charge of the matter of providing waste baskets for the corners, reported that the baskets had been ordered and would probably arrive next week. The movement to secure waste baskets was started by Prof J. G. Pentz, superintendent of schools, who appeared before council recently.

President J. K. Henin was in the chair and other members of council present were; Dr. A. O. Davis, W. R. Gant, C. O. Frye, Oscar C. Linn, and W. H. Calvert. Frank Riva, who will take his seat in council when the new body organizes, was also present. Borough Clerk Ira L. Nickeson was instructed to communicate with the Underwriters Association and to ask them to send an engineer to make a test of the work recently done in conformity with their suggestions by the Charleroi Water Company.

Some surprise was occasioned when Paul G. Elder, the efficient and efficient borough engineer announced that he had been asked to report in December to begin work on another position, and that he would ask for his resignation on December 10. As there was no other alternative council took action to accept the resignation. A committee consisting of Councilmen Gant, Calvert and Davis were appointed to look after the matter of securing another engineer to take his place.

The price per ton was not made public. The order is in addition to 5,000 tons received from the same country by the Carnegie Company a few months ago.

Meeting**

THREE ADDRESSES MADE

**Reasons Are Given Why the
State and Nation Should
be Especially Thankful**

Union Thanksgiving services were held Thursday evening at the Christ Lutheran church and an offering was received to assist in carrying on relief work among the poor. With probably the largest congregation present that has ever attended a union Thanksgiving service in Charleroi, the affair proved a fitting climax to a particularly enjoyable holiday.

Instead of the regular sermon which this year by a schedule arranged by the Ministerial Association would have been preached by the pastor of the Christian church, three sermons were given. Rev. F. A. Richards, pastor of the Methodist Episcopal church preached the introductory one, his subject being "It is Good to be Thankful." He outlined the reasons why the public of the immediate vicinity should feel grateful. Rev. J. T. Hackett, pastor of the First Presbyterian church was the second speaker, his subject being "Personal Thanksgiving." Rev. Hackett dwelt upon the necessity of each person performing his own devotions instead of allowing the minister to do it.

Rev. John R. Burson, pastor of the Washington Avenue Presbyterian church was the last speaker. Rev. Burson's subject was "National Thanksgiving." In the short time he had he enlarged to a considerable extent on his topic, speaking of the great movements for peace that is embracing many nations, the work the United States is doing for other countries, its noble and patriotic feeling of our leading statesmen and the American people everywhere for right and justice and finding in everything reason to be thankful.

A choir from several churches under the direction of Prof. I. T. Daniel rendered special music. Rev. C. E. Frontz, pastor of Christ Lutheran church had charge of the program and read President Taft's proclamation. Rev. J. E. Charles, pastor of the French Presbyterian church read Gov. J. K. Tener's proclamation and read the scripture lesson. Rev. L. V. Jones, of the St. James' A. M. E. church, said the prayer.

SLIGHT FIRE DAMAGES STABLE

A small stable on the rear of a lot on McKean avenue, near Tenth street, was partly burned Wednesday night. The fire department was called out and by the prompt application of chemicals were able to save a quantity of the hay and straw stored in the stable. The damage was slight.

JUDGE GRAY'S WAY.

Amid the trust baiting and the hue
and cry against trusts Judge El-
bridge H. Gary, the executive head
of the United States Steel corpora-
tion, comes to the front with some
sensible suggestions regarding the
control and regulation of big corpora-
tions. Judge Gary recognizes the
harm that the bitter attacks on trusts
by political demagogues are doing to
the industrial developments of the
country, and he therefore makes the
following propositions:

1. That every corporation be com-
pelled to take out a Federal license,
which license should require publicity,
no overcapitalization, no discrimi-

ation, and no conduct contrary to law.
2. That to enforce these conditions
there be created by law a Bureau of
Corporations empowered to pass up-
on all disputes arising under these
regulations, its verdict being subject
to appeal to the higher courts.

Mr. Gary, who was once a judge,
recognizes the vital importance of
combinations of capital which are es-
sential to the industrial prosperity
of the country. Without these com-
binations, industry will lag, as indi-
vidual exploitation cannot accomplish
material things on the scale now nec-
essary in the march of material pro-
gress. All that is necessary is to
make the trusts play fair with the
public. That done, the whole trust
problem is solved. The demagogues
and their dupes who would abolish
trusts entirely would Samson-like,
pull down the pillars of our industrial
superstructure and be crushed in the
fall.

NOW FOR CHRISTMAS

With Thanksgiving passed, public
attention is now focused on Christ-
mas, which is less than a month dis-
tant. In line with the movement to
"shop early," many merchants and
shop keepers are advertising and dis-
playing their holiday wares a couple
of weeks in advance of the accus-
tomed time. These cannot fail to profit
by this move, as a general effort to
induce people to shop early in or-
der to minimize the discomforts of
humanity due to the mad rush in
Christmas buying is being assiduous-
ly made by the newspapers, the mag-
azines and in the church, women's
and uplift societies.

It is well also to think of a safe
and sane Christmas as well as a
hilarious one. The Christmas spirit
can be manifested most joyously with-
out the follies and extravagances that
characterize the holiday in so many
instances. One can do good and make
others happy without an undue ex-
penditure for fancied obligations,
which in most instances are but a
mockery of the real spirit of Christ-
mas. The costly trinket given and re-
ceived to preserve the form of re-
membrance carries no significance un-
less it bestows real happiness. In
most instances the gift of one Christ-
mas is laid away to be given to some
one else another year, and the whole
proceeding is but a sham. By elim-
inating the subtleties and the
mockery of the season and substitut-
ing the genuine good will, the real
spirit of Christmas will be carried
out.

PICKED UP IN PASSING

Erasmus Wilson, the "Quiet Ob-
server" of the Pittsburg-Gazette
Times, who is personally known to
many Charleroi people, and whose
daily column is read by hundreds
more in this community who never
met the genial writer personally, has
returned from a Minnesota hospital,
where he has been some weeks for
treatment. During his absence the
Quiet Observer column was missing,
but now it will continue as of yore.
The "Return of Old Ras," is charac-
terized thusly by an editorial in the
Thanksgiving issue of the Gazette
Times.

"This is purely a family matter,
but as Thanksgiving day is essentially
a family occasion, no pardon need
be asked for talking about it. Things
brightened up around The Gazette
Times office yesterday, and "the boys
who do the work," as Col. Waterson
describes them, were almost as cheer-
ful as if there were six pay days a
week instead of only one. Old Ras
came back—Ras Wilson, whose other
name is "The Quiet Observer."

"Ras is not quite as old as the
blockhouse. In fact he isn't so blam-
ed old at all. But he has been sort
of adorning the newspaper game so
many years, and folks have got so
used to having him around decade
after decade, that he has come to be
venerated as an institution and re-
garded with that affection due to a
guide, philosopher and friend whose
counsels have endured through many

mutations and uncounted days. Ras
has been up to a hospital in Minne-
sota the past six weeks, while the
surgeons there repaired his interna
economy, and then sewed him up and
made him over, just as good as new.
They didn't remove his smile, how-
ever, nor in the slightest degree im-
pair his confidence in the healing
potentialities of good nature, kind-
ness, patience and the homely if
somewhat untimely virtues upon
which "The Quiet Observer" has
been wont to descant for the edi-
fication of Gazette Times readers.

"And how is he?" will be asked.
Well, if he is as fit as he looks then
there need be no apprehensions. He
is much the same as he has always
been. Evidently, though, his ex-
perience has not been a merry jest.
The operating table never is, and the
post-operative ordeal is sometimes
worse than that. In the case of Ras
as you look him in the eye now, there
is an unbidden suggestion that, at
one stage or another, in these weeks
that he has been missing, there might
have come a wind whisper of the
spirit of death, just a little closer to
his listening ear than at any time
since when, as a boy, he served under
the Stars and Stripes, half a century
ago. If such things as this have in-
deed been companion to his suffering
during his hospital sojourn, they will
but enrich his future writing and lend
fresh dignity and new refinement to
that department of his which has
given so great a pleasure to his
clients. For the present it is com-
forting to have him around and to
know that he is eager to get into
harness at the old reliable gait."

Old gilt, such as the gilded frames of chairs or old picture frames and mirrors, if they do not require regilding entirely, may be brightened by using an excellent mixture of three ounces of white of egg and one ounce of chloride of potash or soda. CHARLEROI IS TWICE BEATEN BY UNIONTOWN

Fortune Favors Father Sears
Men and They Capture
Both Contests

STARS ON BOTH SIDES

Father Andy Sears and his team of passers appeared for the second time on the local floor Wednesday night and gave Charleroi a more severe drubbing than on the occasion of the first visit. The result of all the hubbub at the rink was favorable to Uniontown as 45 points is compared to 30.

During the first two minutes of play Charleroi looked like a winner but then they began to find out their respecting game of basketball by that short a period, as was amply and undeniably impressed upon local fans by the Uniontown tossers. Adams got during that short time a couple of foul goals and the whole team was playing well. Then Uniontown began to come up. The score at the end of the first half was 19 to 14. In the second half Father Andy and Bill Powell, who somebody said wasn't anywhere's near as good as Big Smith, were the stellar constellations. Father Andy and Tall Bill threw field goals like all possessed. For instance Tall Bill would chase down the floor towards Charleroi's goal, turn around throw the ball in the direction of the Uniontown goal and somehow or other it would inevitably turn, up at the right spot and drop through the netting. It was awful.

Jacky Adams and Jimsey Brown featured the performance from the Charleroi side of the fence. Adams tossed four pretty goals and Jimsey Brown got two terribly difficult ones. The lineup:

After being beaten at home on Wednesday night by Uniontown, the Charleroi five of passers went to Uniontown and lost another Thursday night. Playing was rather listless on both sides but at no stage of the game did Charleroi possess a reasonable chance of passing the

Seek to Keep Finds of Interest.
The French department of fine art is taking measures to prevent prehistoric or archaeological finds from leaving the country. The matter came up recently on the subject of the remarkable cave drawings which are found at Eyzies, in the Dordogne region, as well as prehistoric implements. Foreign archaeologists were installing themselves here and taking out a great many finds. A bill is now presented to parliament tending to protect archaeological discoveries. Among other measures, a special museum is to be founded at Eyzies, and this will become a center of archaeological and ethnographic study. The new regulations will cover the questions of ancient objects belonging to churches, also the matters of libraries and of manuscripts.

His Narrow Escape.
After 18 years' work as a medical missionary in Labrador, Dr. Wilfred Grenfell has been spending a short holiday at Parkgate, Cheshire. He has had several adventures. The most exciting was when an iceberg broke adrift and carried him out to sea with a few dogs. No help was at hand, and the only chance of rescue was from a passing steamer. Fortunately he had a little food, but this was too precious to give to the dogs, and it was necessary to kill one so that the others would not starve. The cold became so intense that two other dogs had to be killed and their skins used for warmth. The berg then drifted into a shipping route, and Dr. Grenfell was rescued in the nick of time by a steamer.

PUNY LITTLE BOY

"Now Picture of Health," His Father Says.

The pale, wistful faces and thin spindling limbs of "delicate children" tell plainly enough the story of poorly nourished bodies.

We know just what ought to be done for such children. Here is a letter from Richard Rush, Columbus, Ind., saying, "I believe I am indebted to Vinol for the health of my little son. He had a severe attack of whooping cough and measles which affected his lungs and constitution. "We tried several other remedies without any results, then commenced using Vinol and I take pleasure in saying that he is the picture of health now, due to the use of Vinol."

Sickly children need the strengthening cod liver elements and the tonic iron that Vinol contains—that is why Vinol builds them up quickly and gives them a fine healthy color. It is pleasant to take and we guarantee that the results will satisfy you—money back if they do not. Piper Brothers, Druggists, Charleroi, Pa.
